Reasons For Allowance

The following is an examiner's statement of reasons for allowance: In view of the applicants' terminal disclaimer filed February 14, 2005 and the granting of the petition to withdraw abandonment filed January 18, 2006, the claims drawn to the absorbable, crystalline, monocentric, polyaxial copolymer is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In The Claims:

Cancel Claims 8-17 drawn to an invention not elected by the applicant in the preliminary amendment filed July 20, 2003 in which the applicant's representative requested that said claims 8-17 be withdrawn from consideration. Thus, said constructive election is being treated as an election without traverse. Thus, claims 8-17 have been canceled to place the application in condition for allowance.
